

Kids Trade Up Program

Growth spurts happen — but they shouldn't stop you from investing in a quality kids' bicycle that will inspire a healthy hobby for life. When you buy a kids' Trek bike at Woolley G's Bike and Fitness, you can bring it back and get up to 50% off the bike's original purchase price in credit toward the purchase of a new one. Here are the requirements for trade-in:

- Original owner
- Purchased from Woolley G's Bike and Fitness **OR** presents a proof of purchase at time of trade.
- Less than 3 years old
- Clean, functioning, and in sellable condition with minimal cosmetic blemishes.
- If your bike needs major service and/or major parts, you will need to pay for the needed items and have the work done before we can take your bike as a trade.
- The serial number must be clearly visible and not be defaced or destroyed.

Bicycle Blue Book will provide an approximate trade-in value. The final trade-in value is subject to in-store evaluation.

This program includes all Trek kids bikes including Precaliber, Wahoo, Roscoe Kids, and Electra Kids' bikes.
